

Roots of Empathy Learning Material Guidelines

Roots of Empathy Doll Guidelines*:

Please ensure you remove the doll's clothes and replace them with a Roots of Empathy Teacher T-shirt (3-6 months), which is the doll's uniform. It is important to remove all the plastic tags that hold each doll in place in the packaging.

Roots of Empathy Learning Material Guidelines

Roots of Empathy Infant Roll Guidelines*:

Please stuff the infant roll with materials such as foam, towels or blankets. It is important that the infant roll is firm and can support the Baby's weight. Later on in the year, during Family Visits, we use the infant roll (placed vertically) to help the Roots of Empathy Baby stand so the ends also need to be firm.

*Important to note: All Learning Materials including the doll and infant roll are to be used during Roots of Empathy program and are not to be left behind in the classroom.
