Children in many countries, speaking many different languages have Roots of Empathy in their classroom. Roots of Empathy would like to understand how you felt about having the Baby and the program/programme in your classroom and what you learned.

*Please put an 'X' in the appropriate box in the column on the right.*

Overall, as a result of Roots of Empathy...	YES	NOT SURE	NO
1. I am able to imagine how the baby is feeling by the expression on their face, the sounds they make, or their body language.			
2. I learned that everybody has feelings.			
3. I understand how other people feel.			
4. I am aware of my feelings (for example, when I'm feeling happy, sad, mad, disappointed, worried, frustrated, or scared).			
5. If I saw a student or friend being bullied or treated meanly, I would help them.			
6. I would try to help someone who feels sad, scared, or lonely.			
7. Babies do better when they are loved and cared for.			
8. Some people get excluded because they are different, and I think that's wrong.			
9. I try to be kind to everyone, even if they are different from me.			
10. I try to respect other people's ideas, even if they are different from mine.			

My Roots of Empathy Baby has helped me to understand that...	YES	NOT SURE	NO
11. We all learn things when we're ready.			
12. Every baby has the right to be loved.			
13. I have the right to be loved.
